The work of the conference will focus on the  
following issues:

1. Theory of management economic systems
2. Global employment crisis
3. International trade and stock prices and consumer  
goods
4. Globalization and regionalization in the world  
economy
5. Ukraine in the development of international  
tourism
6. Finance, banking and insurance

Working languages – Ukrainian, English, Russian.

We invite 35-year old and younger scientists, post-  
graduate students, master's students, representatives  
of state authorities and local self-government, science  
and research organisations, banks, commercial  
enterprises, and other organisations, whose activities  
are related to the topic of the conference.

We would be grateful for disseminating this  
information among the young scientists involved in  
researching the above-mentioned issues and all  
interested persons.
